Frequently Asked Questions

What is payroll?

Payroll is the process of paying employees by calculating their wages, deducting taxes and other withholdings, and issuing payments on schedule. It also includes filing required tax forms and maintaining detailed records for each employee.
For business owners, payroll extends beyond issuing paychecks. It involves tracking work hours, managing employee benefits, staying compliant with labour laws, and submitting accurate reports to government agencies.
QuickBooks Payroll helps automate the whole process. It calculates pay, handles tax deductions, and files payroll taxes for you, so you spend less time on admin and more time running your business.
